

# THE SOYBEAN DIGEST — INDEX TO VOLUME XX

## Subject Matter

**A**  
American Soybean Association, Arabian banker visits with Simcox, No. 1, p. 19; Harry Gattion, Jr., new director, No. 2, p. 19; Simcox confers at Plainview, Tex., No. 2, p. 20; Japan may free U. S. soybean imports, No. 2, p. 24; Glen Myers new director, No. 3, p. 10; Baker new Illinois director, No. 4, p. 22; soybean meetings to Memphis Aug. 22-23, No. 5, p. 31; discuss market problems in Minnesota meetings, No. 5, p. 31; W. M. Wallace new Canadian director, No. 6, p. 20; soybean meetings in Minnesota, No. 7, p. 19; ASA-NSPA meetings to consider soy markets, No. 7, p. 29; Memphis—the soybean meeting city, No. 8, p. 6; preliminary convention program, No. 8, p. 7; exhibits center of activity, No. 8, p. 7; educational films offered, No. 8, p. 26; soybean meetings, No. 9, p. 6; Digest has new advertising men, No. 9, p. 18; renew Japan market project for 2 years, No. 9, p. 26; 40th annual convention, No. 10, p. 10; some Memphis features, No. 10, p. 11; convention highlights, No. 10, p. 11; convention program, No. 10, p. 12; visit exhibitors, No. 10, p. 14; W. M. Wallace killed, No. 10, p. 26; honorary life members—1960, No. 11, p. 8; Simpson new president, Sullivan, Hammer new directors, No. 11, p. 14; resolutions, No. 11, p. 16; report of the president, No. 11, p. 18; report of the executive vice president, No. 11, p. 21; Japan soy sauce team visits U. S., No. 12, p. 22  
Arizona, shattering a main problem, No. 6, p. 28  
Arkansas, first annual soybean production meeting at West Memphis, No. 6, p. 17; G. A. Hale makes trip to Latin America, No. 6, p. 20

**C**  
Canada, margarine production, No. 5, p. 39; crush 16 million bu. in 1957, No. 6, p. 10; W. M. Wallace ASA director, No. 6, p. 20; W. M. Wallace killed, No. 10, p. 26; organization of Ontario growers, No. 12, p. 16  
Combines, guides for shoppers, No. 10, p. 18; cost of owning and operating, No. 10, p. 32; how to reduce losses, No. 12, p. 24  
Cooperative oil mill conference, No. 7, p. 6  
Crop report, soybean harvest lags in North, No. 1, p. 28; 1959 soybean crop summary, No. 2, p. 26; world crop under last year, No. 2, p. 27; USDA adds 10 million bu. in last report, No. 3, p. 28; billion-bu. soybean crop not far in future, No. 5, p. 22; USDA sees 6% rise in soybean acres, No. 6, p. 30; No. 9, p. 22; No. 10, p. 36; No. 11, p. 76

**D**  
Delaware, O'Neal wins yield contest, No. 5, p. 14  
Diseases, some purple stain reported in northern areas, No. 1, p. 39; bud blight virus transmitted by seed, No. 3, p. 10; downy mildew survey conducted by Iowa State men, No. 3, p. 20; varieties and practices in MidSouth, No. 6, p. 16; nematode fungus team is destructive, No. 7, p. 19; add Illinois farm to soybean cyst nematode regulated area, No. 7, p. 39; develop Phytophthora resistance, No. 12, p. 18

**E**  
East Coast soybeans, No. 2, p. 6; No. 3, p. 16  
Exports, look for record in 1960, No. 1, p. 19; fats and oils situation, No. 7, p. 8; \$367 million in 17 nations, No. 7, p. 28; structure of soybean oil markets, No. 7, p. 30; see pickup in soybean oil, No. 7, p. 38; agricultural export advisory committee urges minimum trade restrictions, No. 9, p. 8; increase from Great Lakes, No. 9, p. 25; Georgetown terminal for soybeans, No. 9, p. 27; U. S. will offer larger supplies in future, No. 10, p. 22; outlook for fats and oils brightens, No. 10, p. 38

**F**  
Fats and oils, look for record 1960 exports, No. 1, p. 19; export situation, No. 7, p. 8; broilers gain more, No. 7, p. 9; structure of export market, No. 7, p. 30; see pickup in exports, No. 7, p. 38; uses of soybean oil, No. 8, p. 20; salad and cooking oils gaining in consumption, No. 8, p. 26; tall oil competes with soybean oil, No. 8, p. 26; as plasticizers, No. 10, p. 25; export outlook brightens, No. 10, p. 38  
Feeding, good broiler feeding results with soapstocks, No. 3, p. 30; protein and energy for layers, No. 3, p. 30; use of processed whole soybeans for broilers, No. 6, p. 34; broilers gain more on vegetable oils, No. 7, p. 9; role of protein, No. 9, p. 25; good results from processed soybeans, No. 9, p. 28; ration with soybean meal as sole protein, No. 9, p. 28; unsaturated fats have higher nutritive value, No. 9, p. 28; soybean meal fed, cattle gain faster, No. 9, p. 28; work on processing of whole beans in Del., No. 9, p. 28; compare safflower meal with soybean, No. 9, p. 28  
Fertilizers, soil fertility in soybean production, No. 5, p. 10; profitable in Iowa tests, No. 5, p. 12; response depends on soil test, No. 5, p. 12; unprofitable results on Texas Plains, No. 5, p. 12; lime and yield of soybeans at Baton Rouge, No. 5, p. 13; aid yields in Ohio experiments, No. 8, p. 26  
Florida's soybean research, No. 12, p. 8  
Food, soy curd can add variety to diet, No. 8, p. 8  
Foreign material, Japan questions ruling on morning glory seed, No. 3, p. 26; ban soybeans with crotalaria on East Coast, No. 9, p. 23  
Freight rates, changes made on soybean meal, No. 10, p. 27  
Futures markets, benefits to producers of hedging, No. 11, p. 26  
Futures trading, record in 1959, No. 10, p. 32

**G**  
Global contract, Council-FAS, No. 4, p. 24

**H**  
Hedge, Porter M. dies, No. 8, p. 8  
Herbicides, for use on soybeans, No. 6, p. 7; Amiben offered for experimental use, No. 6, p. 10; tested on narrow rows, No. 6, p. 34; results of trials in Maryland, No. 6, p. 34; results of tests with Dinoben and Amiben, No. 6, p. 34; New Jersey tests on beans, No. 6, p. 34

**I**  
Illinois, irrigation jumps soybean yields, No. 6, p. 17  
Imports, Norway expects increase in 1960, No. 2, p. 19; Japan may free U. S. soybean, No. 2, p. 24; Japan's estimated at 40 million bu. in 1960, No. 7, p. 16  
India, soys might be major crop, No. 3, p. 30; SBC established area office in Bombay, No. 6, p. 27; student on Digest staff, No. 10, p. 26

Indiana, Maddox wins Ford efficiency award, No. 5, p. 14; trend to truck shipments of beans, No. 5, p. 23  
Indonesia, soybean acreage larger, No. 1, p. 8  
International Association of Seed Crushers meets July 19-22, No. 7, p. 20; Strayer reports in London, No. 10, p. 22  
Iowa, Dillon wins again in contest, No. 5, p. 14; soybean survey, No. 12, p. 18  
Isolated soy protein, Promine, No. 2, p. 14  
Italy, market shows great growth, No. 6, p. 27

**J**  
Japan, U. S. soybeans in foods, No. 4, p. 20; may trade U. S. soybean futures, No. 5, p. 28; 1959 crush was 1.6 million tons, No. 6, p. 18; imports estimated at 40 million bu. in 1960, No. 7, p. 16; Sendai tofu factories now use U. S. soybeans, No. 7, p. 26; U. S. trade and balance of payments, No. 7, p. 30; import firm has huge cleaning plant, No. 10, p. 38  
Japanese American Soybean Institute, Kure City meeting discusses group meals, No. 1, p. 27; soybean recipe book issued, No. 2, p. 25; question ruling on morning glory seed, No. 3, p. 26; hold food exhibits at Yagi and Kizu, No. 4, p. 26; may trade U. S. soybean futures in Japan, No. 5, p. 28; free imports go into effect Oct. 1, No. 6, p. 28; visit to leading tofu factory, No. 7, p. 26; University girls show soy uses, No. 8, p. 24; discuss problems of soybean usage, No. 9, p. 26; soy flour in Tokyo school test, No. 10, p. 30; No. 11, p. 31; No. 11, p. 35; promotional activities in northern Japan, No. 12, p. 22

**K**  
Kansas, Cherokee is leading soybean county, No. 6, p. 18

**L**  
Leitchin, Staley Co. is marketing new concentrate, No. 8, p. 8  
Louisiana, tri-state soybean production and marketing forum, No. 6, p. 16

**M**  
Maine, soybean varieties developed, No. 10, p. 32  
Margarine, will serve at Iowa institutions, No. 2, p. 19; 1959 output reached alltime high, No. 5, p. 20; has become soy oil's best customer, No. 5, p. 32; Canadian production, No. 5, p. 39; 10-year anniversary of law repeal, No. 9, p. 19; outlook, No. 11, p. 37  
Markets, expansion challenges oil millers, No. 7, p. 6; benefits to producers of hedging through futures, No. 11, p. 26; overseas for agricultural products, No. 11, p. 40; tomorrow's soybean, No. 11, p. 50  
MidSouth, varieties, diseases and practices, No. 6, p. 16  
MidSouth Soybean and Grain Shippers Association, 2-day meeting, No. 5, p. 22; Terral elected president, No. 11, p. 81  
Missouri, University offers soybean yield guides, No. 7, p. 30  
Molybdenum ups bean yields in Missouri and Illinois, No. 6, p. 18  
Multi-purpose food, General Mills to market, No. 1, p. 20

**N**  
National Soybean Crop Improvement Council, value, No. 11, p. 61  
New Orleans elevator, big expansion, No. 1, p. 16  
Norway, expects increase in 1960 soybean imports, No. 2, p. 19

**O**  
Ohio, new soybean varieties, No. 9, p. 17  
Oilseeds, search for new noncompetitive crops, No. 1, p. 6; cooperative exporting of grains, No. 7, p. 7  
Outlook—1960, No. 3, p. 6

**P**  
Pests, control on soybeans, No. 8, p. 14; some that damage soybeans, No. 8, p. 16  
Plasticizers, fats and oils as, No. 10, p. 25  
Prices, what price for 1960-crop soybeans, No. 11, p. 62; export prospects for soybeans and soybean oil, No. 11, p. 65; from processors' standpoint, No. 11, p. 67; as viewed by the soybean exporter, No. 11, p. 68; protein situation, No. 11, p. 70; viewed by the soybean producer, No. 11, p. 73  
Processing, milling and extraction, No. 2, p. 16; refining of crude soybean oil, No. 2, p. 17; scale model plant at New Delhi fair, No. 2, p. 20; K. Hirose holds U. S. patent for debittering process, No. 2, p. 25; flash desolventizing of hexane and alcohol extracted soy flakes, No. 7, p. 7  
Processors, General Mills to market MPF, No. 1, p. 20; Cargill moves grain operations to Seaford, No. 1, p. 30; Central Soya marks 25 years of progress, No. 2, p. 14; open new Van Buren, Ark., plant, No. 2, p. 18; big expansion by Delphos, Ohio, firm, No. 2, p. 18; new Prochem division established by ADM, No. 2, p. 32; river terminal in Iowa Soya Co. expansion, No. 2, p. 33; Cargill opens plant at Norfolk, No. 3, p. 12; to build 800-ton plant at Stuttgart, No. 3, p. 19; Cargill in \$20 million addition, No. 4, p. 22; plan new Minnesota plant at St. Cloud, No. 5, p. 17; new plant at Spartanburg, S. C., No. 5, p. 26; expansion completed by Honeycomb at Mankato, No. 5, p. 23; new plant program at Riverside Oil Mill, No. 6, p. 18; plant expansion by Tri-County Cooperative Soybean Assn. at Dawson, Minn., No. 6, p. 20; Spain plans modern plant, No. 6, p. 30; proposed plant at St. Cloud, Minn., No. 6, p. 32; Tri-County Cooperative Soybean Assn. sponsors Dawson soybean meeting, No. 7, p. 19; new French extractor installed at Southern Soya Corp., Estill, S. C., No. 7, p. 20; Farmers Cooperative Assn., Ralston, Iowa, to build 1-million-bu. additional storage, No. 7, p. 35; Staley Co. marketing new lecithin concentrate, No. 8, p. 8; Nutrena buys Staley feed business, No. 8, p. 22; Central Soya builds Chattanooga storage, No. 8, p. 28; No. 12, p. 27; new gasoline additive from Central Soya Co., No. 12, p. 19; protein-rich soy flour by ADM, No. 12, p. 25  
Production, cost and returns from corn and soybeans, No. 1, p. 6; soybeans on the East Coast, No. 2, p. 6; No. 3, p. 16; No. 4, p. 16; down in West Africa, No. 2, p. 28; soil fertility, No. 5, p. 10; soybean rotations, No. 5, p. 16; shift to MidSouth, No. 5, p. 22; clearing land for beans in southern Illinois, No. 5, p. 23; first annual soybean meeting at West Memphis, Ark., No. 6, p. 17; more rows for more beans, No. 7, p. 16; physiological comparisons of soybeans and corn, No. 7, p. 17; trace elements and factors affecting their availability, No. 7, p. 18; University of Missouri offers soybean yield guides, No. 7, p. 30; problems of elevator operators and producers, No. 10, p. 16; row spacing and weed control in soybeans, No. 12, p. 6; how to reduce combining losses, No. 12, p. 24

Promine, Central Soya's isolated soy protein.....No. 2, p. 14  
Protein, need information, No. 3, p. 10; larger supply estimated,  
No. 2, p. 28; energy for layers, No. 3, p. 30; azotobacter might  
make good food supplement, No. 3, p. 30; role in feeding, No. 9,  
p. 25; situation.....No. 11, p. 70

## R

Research, may put more U. S. soybeans in Japanese foods, No. 4,  
p. 20; announce plans for Texas, No. 4, p. 27; breeders shift to  
protein, disease, No. 5, p. 17; new grants to foreign countries,  
No. 9, p. 8; in Florida.....No. 12, p. 8

## S

Safflower, for dry land, released.....No. 4, p. 21  
Soybean Council of America, it's later than you think, No. 1,  
p. 14; feature U. S. feeds at Cremona, No. 1, p. 25; U. S. soy  
meal display at Salonika fair, No. 1, p. 25; Cloy E. Knott  
addresses seminar at Valladolid, No. 1, p. 26; will take part in  
Bombay fair, No. 1, p. 26; fats conference held in Lima, Peru,  
No. 2, p. 22; Canary Islands seminar on better diets, No. 2,  
p. 22; recipes prepared by Sonja Soya, No. 2, p. 23; negotiating  
global U. S. export project, No. 2, p. 23; Ed James assists in  
Israel, Italy and Spain, No. 2, p. 23; more exhibits at world  
fairs, No. 3, p. 24; Council-FAS in first global contract, No. 4,  
p. 24; Italian baby saved by American soy milk, No. 5, p. 28;  
three U. S. specialists attended Verona fair, No. 6, p. 27; pro-  
motional leaflets in six languages, No. 6, p. 27; Italian market  
shows great growth, No. 6, p. 27; establish area office in Bom-  
bay, No. 6, p. 27; \$367 million exports in 17 nations, No. 7,  
p. 28; U. S. specialists to European seminars, No. 7, p. 29; soy-  
bean trucks touring Spain, No. 8, p. 23; Dr. Hayward joins  
Council staff, No. 8, p. 23; plans made for London and Munich  
exhibits, No. 8, p. 23; mixed feed conference at Rome, No. 9,  
p. 24; opens new office in Netherlands, No. 9, p. 24; Strayer  
to Europe, No. 9, p. 24; Italian agreement is extended for 2  
years, No. 10, p. 28; soybean display at Poznan, Poland, inter-  
national fair, No. 10, p. 28; area directors have London con-  
ference, No. 10, p. 28; recognition to Marcello by Italian feed  
industry, No. 10, p. 28; Hayward and Donnell to coming trade  
fairs, No. 10, p. 29; Spanish group will visit United States,  
No. 10, p. 29; Council board elects, No. 11, p. 16; European op-  
erations, No. 11, p. 45; Spanish operations, No. 11, p. 48; joint  
effort with Feed Grains Council, No. 11, p. 75; open office in  
Hamburg, Germany, No. 11, p. 75; see greater market in United  
Kingdom.....No. 12, p. 20

Soybean nutrition, physiological comparisons with corn, No. 7,  
p. 17; soybean varieties, No. 7, p. 17; iron chlorosis as an in-  
dicator of interacting factors, No. 7, p. 18; trace elements in soy-  
bean production and factors affecting their avail-  
ability.....No. 7, p. 18

Soybean oil, USDA films adhere to metal, No. 2, p. 21; uses,  
No. 8, p. 20; salad and cooking oils gaining in consumption,  
No. 8, p. 26; tall oil competes, No. 8, p. 26; 45 carloads for ex-  
port by Iowa processor, No. 9, p. 27; New York Exchange  
offers contract, No. 10, p. 27; export prospects, No. 11, p. 65;  
new plastics by USDA.....No. 12, p. 9

Soybean oil meal, protein and energy for layers, No. 3, p. 30;  
uses, No. 9, p. 14; role of protein in feeding, No. 9, p. 25;  
cattle gain faster, No. 9, p. 28; as sole protein in ration, No. 9,  
p. 28; compare with safflower meal, No. 9, p. 28; changes  
made in freight rates.....No. 10, p. 27

Soybean queens, crowned at Jonesville, La., No. 3, p. 20; two  
named at Mexico, Mo.....No. 3, p. 20

Soybeans, cost and returns from corn and, No. 1, p. 6; some  
purple stain reported in northern areas, No. 1, p. 39; on the  
East Coast, No. 2, p. 6; No. 3, p. 16; No. 4, p. 16; hurt by dry  
weather in Illinois, No. 2, p. 20; best varieties by states, No. 4,  
p. 6; map, No. 4, p. 9; leading northern varieties, No. 4, p. 11;  
leading southern varieties, No. 4, p. 12; Japanese foods use  
more U. S., No. 4, p. 20; soil fertility, No. 5, p. 10; fertilizers and  
lime and yield at Baton Rouge, No. 5, p. 13; rotations, No. 5,  
p. 16; why dry seasons cut yields, No. 5, p. 20; USDA commit-  
tee urges expanded nutrition study of plants, No. 5, p. 20;  
clearing land in southern Illinois, No. 5, p. 23; weeds worst  
enemy, No. 6, p. 6; herbicides for use, No. 6, p. 7; Amiben

offered for experimental use, No. 6, p. 10; varieties, diseases  
and practices in Midsouth, No. 6, p. 16; irrigation jumps yields  
in Illinois, No. 6, p. 17; giant foxtail vs. corn and beans, No. 6,  
p. 20; USDA sees 6% rise in acres, No. 6, p. 30; more rows for  
more beans, No. 7, p. 16; physiological comparisons with corn,  
No. 7, p. 17; Sendai, Japan, tofu factories now use U. S. beans,  
No. 7, p. 26; control of insect pests, No. 8, p. 14; some pests that  
damage, No. 8, p. 16; new varieties for Ohio, No. 9, p. 17; U. S.  
will offer larger supplies for export in future, No. 10, p. 22;  
factors affecting the relationship with wheat, No. 11, p. 52;  
factors affecting the relationship with corn, No. 11, p. 54; fac-  
tors affecting the relationship with cotton, No. 11, p. 57; factors  
affecting the relationship with rice, No. 11, p. 59; what price  
for 1960 crop, No. 11, p. 62; export prospects, No. 11, p. 65;  
row spacing and weed control, No. 12, p. 6; research in Florida,  
No. 12, p. 8; Iowa survey.....No. 12, p. 18  
Soybean seed, bud blight virus transmitted, No. 3, p. 10; home-  
grown seed may need treatment.....No. 5, p. 14  
Soybran flakes.....No. 10, p. 20  
Soy curd can add variety to diet.....No. 8, p. 8  
Soy flour in Tokyo school test, No. 10, p. 30; new protein-rich  
soy flour by ADM.....No. 12, p. 25  
Soy milk, issue Brazilian book, No. 2, p. 28; Italian baby saved  
by American, No. 5, p. 28; package shops in Asia.....No. 12, p. 14  
Spain plans modern processing plant.....No. 6, p. 30

## T

Thailand, soybean crop lower than last year.....No. 1, p. 20  
Trace minerals, molybdenum ups bean yields in Missouri and  
Illinois.....No. 6, p. 18  
Trade fairs, feature U. S. feeds at Cremona, Italy, No. 1, p. 25;  
U. S. soy meal display at Salonika, Greece, No. 1, p. 25;  
SBC will take part in Bombay, India, fair, No. 1, p. 26;  
model processing plant at New Delhi, No. 2, p. 20; more  
Council exhibits, No. 3, p. 24; Weber at New Delhi, No. 4,  
p. 25; Spears at Bombay, No. 4, p. 25; Edison at Verona,  
No. 4, p. 25; promotional leaflets in six languages, No. 6, p. 27;  
three U. S. specialists attended Verona fair, No. 6, p. 27; great  
interest in soybean display at Poznan, Poland, No. 10, p. 28;  
Hayward and Donnell to London and Munich.....No. 10, p. 29  
Transportation, some views of problems of problems, No. 5, p. 32  
Tri-state soybean production and marketing forum, No. 4, p. 27  
at Lake Providence, La., No. 5, p. 22.....No. 6, p. 16  
Tri-States Oil Mill Superintendents Association to meet at Biloxi,  
Miss., No. 7, p. 24; convention.....No. 9, p. 19

## U

U. S. agriculture, a new direction.....No. 5, p. 18  
USDA yearbook for 1959 covers subject of food, No. 1, p. 32; an-  
nounces county support rates.....No. 9, p. 19  
U. S. Feed Grains Council to push grain exports.....No. 10, p. 24

## V

Varieties, Mississippi firm offers Rebel, No. 3, p. 28; best by  
states, No. 4, p. 6; map, No. 4, p. 9; leading northern, No. 4,  
p. 11; leading southern, No. 4, p. 12; diseases and practices in  
Midsouth, No. 6, p. 16; soybean nutrition, No. 7, p. 17; new  
for Ohio, No. 9, p. 17; developed for Maine.....No. 10, p. 32

## W

Weed control, weeds—still worst enemy, No. 6, p. 6; Amiben of-  
fered for experimental use, No. 6, p. 10; giant foxtail vs. corn,  
soybeans, No. 6, p. 20; herbicides for use on soybeans, No. 6,  
p. 7; in soybeans.....No. 12, p. 6  
West Africa, soybean production down.....No. 2, p. 28  
World soybean crop under last year.....No. 2, p. 27

## Y

Yields, 22nd annual show at Remington, No. 3, p. 19; Ontario  
contest, No. 3, p. 20; Indiana 62-bu. winner, No. 3, p. 21;  
fertilizers and lime at Baton Rouge, No. 5, p. 13; Maddox of  
Indiana wins Ford efficiency award, No. 5, p. 14; Dillon wins
